Description:

This beautiful country house is nestled in a garden with orange, lemon and fig trees and consists of a main house and 7 guest houses, which could possibly be used as 8 guest flats. They offer a total of 9 double bedrooms with bathrooms, 2 of the guest of the guest houses also have a living room and a kitchen.

The main house offers a large semi-open-plan kitchen, a spacious living and dining room with fireplace and access to the terrace as well as a bathroom. Outside there is a lovely communal pool and barbecue area as well as an outdoor kitchen. All rooms are equipped with underfloor heating, the roofs are covered with hemp mats and the walls are insulated with cork.

The property is equipped with electricity and is supplied with water from its own 180 metre deep well and a tank of 20000 litres as well as another tank with a capacity of 10000 litres for service water.

The airport, the capital Palma and the nearest beach are only 15 - 20 minutes away by car. Do not miss the opportunity to visit this country house, which can be used in many different ways.
